# Koroška - A treasure trove of surprises

Nestled among the picturesque peaks of the Slovenian Alps lies a true treasure trove of surprises - Koroška. Imagine a lush backdrop of mighty forests stretching high above you; the vibrant pastures and orchards buzzing with life; the rolling valleys and hills sculpting a one-of-a-kind landscape; and the gentle flow of water bringing serenity to all three valleys of the region ...

Step away from the hustle and bustle and immerse yourself in authentic experiences and warm hospitality. We, the people of Koroška, take immense pride in our homeland and, with deep love for our native soil, will gladly show you its untouched corners or guide you through the lively centres of the Mežica, Drava and Mislinja valleys. You will be treated to food straight from our gardens and pastures, savour the taste of Koroška rye bread and enjoy a glass of delicious cider.

Once you have explored all the hiking trails winding through the Karawanken-Karavanke UNESCO Global Geopark and the Regional Park of Topla to Pohorje and the Drava River Valley, you will keep coming back for the breathtaking views. And when you cycle along thousands of kilometres of well-maintained cycling routes - ranging from quieter and forest trails to smooth asphalt roads - you will want to experience even more. Whether on flat terrain, up or down a hill, circling a mountain, or even riding through it, Koroška is a paradise for boundless cycling tours.

This treasure trove of surprises also holds a rich cultural heritage, including museums, galleries and technical heritage sites.

Have we mentioned that once you visit Koroška, you will surely want to return?

Then come to Olimpline - the longest zipline in Slovenia and one of the longest in Europe. From the top of Navrški vrh, you will descend to the Kogelnik farm along a 1263.5-metre-long zipline that hangs 219 metres above the ground and reaches speeds of up to 120 kilometres per hour. During the adrenaline-filled descent, you will enjoy a breathtaking view of the beautiful nature, surrounding peaks and the upper part of the Mežica Valley.

Olimpline is a good choice for various groups, team-building events, family outings or simply as a gift. The descent is a great opportunity for larger groups and families, as we also offer a group discount. It is perfect for work colleagues who want to spend a day together and build team spirit in a fun and adrenaline-filled way, as well as for friends, fellow athletes and other adventure-seekers who want to experience an unforgettable adventure in nature.

The Olimpline zipline is part of the cross-border NatureGame project of the Karawanken UNESCO Global Geopark and offers a unique experience in the heart of nature that will remain in your memory forever.

For an additional outdoor adventure, take on one of the two via ferrata routes - Olimpline and Mučevo.

The Olimpline via ferrata starts from the centre of Črna, and after a 20-minute walk, you will enter the via ferrata and immerse yourself in a true mountain climbing experience. The ascent takes 3 to 4 hours, with the main route rated C in difficulty, but additional sections are available with D, E, and even an extreme F rating. The route is 1,700 metres long, with an elevation gain of over 500 metres. At the exit, you will find yourself at the upper station of the Olimpline zipline, from where, with prior reservation, you can take the exhilarating descent back down.

Not far away, in the torrent valley near Žerjav, you can visit the Mučevo via ferrata. This route is divided into an easier path (rated B, with some C sections) and a more challenging path (rated D, with some E sections). The most iconic feature of the Mučevo via ferrata is its suspension bridge. Both via ferrata routes are clearly marked with updated information boards at their entrances.

The Baroque Bukovje Manor in Dravograd is situated in a picturesque setting between the plain on the right bank of the Drava River and the forested slopes of Bukovje, where the mystical ruins of the Romanesque Pukštajn Castle stand. Today, the manor is a thriving cultural centre where historical heritage and modern events come together. Its 18th-century heritage is showcased through a combination of natural beauty and cultural exhibits.

The estate once served as a military barracks. Its outbuildings now house a memorial room dedicated to the Yugoslav National Army (JNA) and a library containing over 200,000 books.

### A venue for events and celebrations

Bukovje Manor provides a prestigious setting for events such as protocol meetings, conferences, exhibitions, educational programmes and private gatherings.

Its secluded location, surrounded by lush greenery, makes it a popular and romantic wedding venue. Couples can choose from a large, elegantly furnished wedding hall, the baroque-style Grand Salon or the fresh atmosphere of the park.

### A space for creativity and culture

Bukovje Manor is also an ideal venue for artistic groups and cultural societies looking for rehearsal space, workshops and creative retreats. There are three classrooms, and the spacious main hall can be used for larger seminars or rehearsals.

### Accommodation and bike-friendly stay

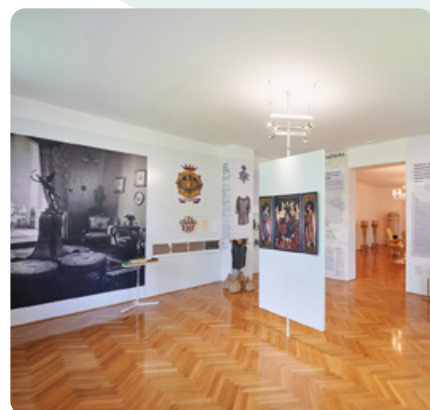

In addition to its diverse cultural programme, Bukovje Manor also offers accommodation for event participants and occasional visitors, with 24 beds. The location is perfect for cyclists, as it is located on the international Drava cycling route, with the Štrekna cycling path also nearby.

For more information or to book events and accommodation, please contact the manor or visit Bukovje, where a warm welcome awaits you.

Lead ore was mined beneath Mount Peca as far back as the Romans, and the first official written record of mining dates from 1665. By 1994, when mining ceased, miners had extracted 19 million tonnes of ore, digging more than 1,000 kilometres of tunnels. Today, these remarkable underground spaces offer a journey through mining history. Explore the mine on an authentic mining train and walk, mountain bike or kayak through the flooded areas. However you choose to enter the mine, the experience is guaranteed to be unforgettable. Peca Underground, with its unique underground adventures and experiences, is a key tourist attraction within the cross-border Karawanken-Karavanke UNESCO Global Geopark.

## MINE TOUR ON AN AUTHENTIC MINING TRAIN

A 15-minute ride on an authentic mining train through the 3.5 km-long Glančnik tunnel is a unique experience. The train will take you to the Moring area, where, 600 metres below the surface, you can follow a themed circuit with exhibits and hear stories about the work and life of miners through the centuries.

[Glančnik 8, 2392 Mežica](#)

## MINE TOUR BY BIKE

Accompanied by a guide and in the light of a headlamp, you can cycle along a unique underground route over 6 km long, linking two neighbouring municipalities - Črna na Koroškem and Mežica. The route runs through safe tunnels, with a gentle climb of only 15 metres.

## MINE TOUR BY KAYAK

The adventure begins in front of the mining museum at Glančnik in Mežica, where you board the same train that once carried miners to work. After a 3.5 km ride, you will continue on foot. Descend 95 metres down the steps to the groundwater level, where special two- or three-person kayaks await you in the tunnel. The Peca Underground kayaking adventure is one of the most successful products awarded the Slovenia Unique Experiences label by the Slovenian National Tourist Board.

## ADRENALINE MOUNTAIN BIKE DESCENT - BLACK HOLE TRAIL

The Black Hole Trail is a challenge and an adventure for technically skilled and highly experienced mountain bikers. The black-marked trail is full of challenges and technically demanding sections. The trail descends over 5 horizons and drops around 150 metres in altitude. The adrenaline mountain bike descent Črna luknja/Black Hole Trail is included in the collection of experiences with the title Slovenia Unique Experiences (SUE).

## Dom na Peci

[pdmezica@gmail.com](mailto:pdmezica@gmail.com) +386 (0) 41 976 135

Dom na Peci stands on a sunny clearing at an altitude of 1,665 metres, just below the peak of Peca, the highest mountain in Koroška. Since Peca is one of the most easily accessible two-thousanders year-round, the mountain hut is a popular stop for many hikers.

In summer, it is an ideal destination for families, who can not only visit the hut and the summit of Peca but also explore King Matjaž's cave, located just a few hundred metres from the hut, or hike to Mala Peca. The easy trail to the summit is perfect for beginners, while more experienced mountaineers can challenge themselves with demanding alpine routes on Peca's northern face.

Dom na Peci is easily accessible from Mežica or Črna na Koroškem, with the Jakobe car park serving as the best starting point. From there, it takes 45 minutes of moderate hiking to reach the hut, and an additional 1.5 hours to reach the summit.

The recently renovated Dom na Peci offers accommodation for groups and individuals, as well as a variety of homemade traditional dishes. A must-try speciality is the Koroška's kvočevi nudlji, a delicious regional dessert.

+386 (0) 40 186 508

Embark on a unique journey back in time, to when the River Drava was the lifeblood of trade routes, and timber rafting a most valued craft. Aboard a wooden raft, crafted using time-honoured techniques, you will witness how our forebears transported timber and other goods, and feel the rhythm of riverside life. The raftsmen's profession was highly valued; hours of toil were interwoven with accordion music, songs, and moments to savour hearty Koroška fare. This jovial way of life will be authentically brought to life for you at the rafting landing in Gortina, within the municipality of Muta. Genuine Koroška hospitality greets you with the smiles of the 'raftsmen's lasses', who, as in days of old, will treat you to bread, salt, and home-brewed schnapps. To the tunes of a traditional accordion and captivating tales, you will discover how raftsmen lived and worked, and learn many secrets of their daily lives.

The experience culminates in a raftsmen's baptism, where newcomers, through entertaining trials, prove they are adept enough to join the guild. A raftsmen's 'priest' symbolically absolves them of their sins and inducts them into the raftsmen's guild. The baptism also provides an occasion for merriment, music, and true revelry in the company of the lasses and musicians.

Over the past 24 years, we have delighted over 250,000 visitors with our unique offering and hospitality. Join us for an unforgettable programme, a treat for nature lovers, humour enthusiasts and folk music fans.

## Raftsmen-style team building

Our programme will bond your team in an entertaining fashion. You will test your skills in challenges such as timber hewing, tug-of-war and other interactive activities, all customised to fit your group's preferences.

## Raftsmen's picnic

Enjoy an idyllic setting on the banks of the Drava or aboard the raft, surrounded by pristine nature and great company. This unique picnic combines stunning scenery, delicious food and a relaxed, social atmosphere.

A direct connection to the primary school on the first floor, which includes a dedicated children's climbing area, places Prevalje Climbing Centre among the few climbing facilities worldwide with such an integrated educational and training approach, offering an exceptional movement experience for children.

The centre features various indoor and outdoor climbing walls up to 18 metres high, covering a total area of 1,800 m<sup>2</sup>. It offers different types of climbing, from classic lead climbing to self-belay climbing, and even speed climbing challenges. There is also a dedicated 500 m<sup>2</sup> bouldering area, where climbers can practise without ropes, with thick mats for safety. A specialised training section is available for focused and advanced training programmes.

The "Jungle" climbing hall is designed specifically for young children and birthday climbing parties. A rehabilitation wall is located in a separate space, while the multipurpose hall on the second floor is used for lectures, conferences, and non-climbing movement programmes.

At the reception area, visitors can relax at a friendly café, while younger guests can enjoy the climbing playroom, featuring hidden tunnels and a slide. On the rooftop terrace,

Nestled between the Drava River, forests and the colourful landscapes of Koroška, our resort offers everything one needs to reconnect with nature and escape the fast pace of modern life. Near a natural swimming area, cosy wooden glamping cabins invite visitors to stay - whether for a short stopover or an extended retreat for families and couples seeking a unique nature experience.

 Dobrava 47, 2360 Radlje ob Dravi

A green oasis at the foot of Pohorje! Swim among water lilies in the natural lake, refresh yourself with a jump from the pier or relax on the green beach. Radlje Water Park offers fun, relaxation and a fresh energy boost for body and soul. Our new charming glamping cabins provide a dreamlike getaway for families and couples looking for a romantic escape into nature.

## Water Park

Surrounded by lush green forests, Radlje Water Park is a natural haven.

Enjoy the refreshing waters of the biological swimming lake, where natural organisms maintain the water's purity and quality. Swim among water lilies, jump from the pier, or bask in the sun on the green beach.

The entire park is designed for fun, where splashing and jumping off the piers is encouraged! Radlje ob Dravi Water Park proudly holds the title of Slovenia's first and only biological swimming pool, where water is kept clean naturally - without any chemical treatments or artificial purification processes.

## Hostel

Designed for young travellers, cyclists, adventurers, motorcyclists and other visitors, Hostel Radlje ob Dravi offers high-quality accommodation rated five triangles. Rooms are equipped with TV, Wi-Fi and private bathrooms with toilets. The hostel also features a lift and private parking, along with secure storage for bicycles and motorcycles. For larger groups, additional sleeping arrangements can be provided. Its prime location near Športna Hiša, Radlje Water Park, an urban cycling park and many cultural and historical landmarks makes it an excellent choice for sports clubs, teams, school and business groups, private gatherings, outdoor enthusiasts, families and solo travellers.

## Campervan Parking

We offer 13 fully equipped campervan parking spaces with electricity for travellers exploring the area in their home on wheels. During the summer season, guests also have access to showers and sanitary facilities.

## Brewing time, so you can take it and enjoy it in good company

Our brewery is located in Radlje ob Dravi, on the Čas hop-growing estate, completing the story from hop to beer.

 Dobrava 47, 2360 Radlje ob Dravi

In today's fast-paced world, the time we set aside for ourselves and our loved ones is invaluable. This is why we named our brewery Time Brewery, reflecting our mission. We brew time, offering it to you in the form of great beer, so you can take a moment for yourself and enjoy it with good company.

We dedicate passion and time to brewing beer. It all starts with the careful selection of the finest ingredients. It takes exploration and precision to find the perfect balance that creates an exceptional beer - one that, with every sip, stops time, allowing you to fully savour the moment.

We brew a variety of beers, each named after a moment in time, symbolising the ideal time to enjoy them.

## Brewing time just for you

We believe that simplicity is best, which is why we use only four main ingredients: water, barley malt, hops, and yeast. Our water comes from the public water supply, and while we apply some technological adjustments, it is naturally rich in minerals. The foundation of our beer is English Simpson barley malt, which is pre-germinated, roasted, and brewery-prepared. We use Slovenian hops, sourced both from local hop fields and selected foreign suppliers. For fermentation, we use specialised brewing yeast.

## Time to indulge your taste buds

Right next to the brewery, you can take a moment for yourself in our taproom, where time flows differently. Relax and enjoy in a lively atmosphere, with delicious brewery cuisine and a welcoming ambience. The entire experience will slow down time and fill you with pure enjoyment.

Dobrava 16, 2360 Radlje ob Dravi

Grandma's House is a charming, traditional home that will take you back in time. It is located in the peaceful village of Dobrava, near Radlje ob Dravi, right on the Drava Bike cycling trail. The house has been carefully renovated to retain the traditional feel of the old houses where our grandmothers and great-grandmothers lived, exuding authenticity and warmth.

The house has two comfortable bedrooms with additional sleeping for up to eight people. The kitchen and bathroom are fully equipped for your comfort. Outside, you'll find a spacious garden with endless opportunities for relaxation - from enjoying nature to barbecuing or simply lounging in the shade of the trees. There is also a secure place to store bikes, making it ideal for cycling enthusiasts. We also offer the unique experience of sleeping on hay in the nearby barn. In addition to exploring the natural beauty and cycling trails, you can swim in the nearby Radlje Water Park or simply enjoy moments of peace and quiet in the countryside. As we want the whole family to feel at home, pets are also welcome on the property.

In Slovenj Gradec, a boutique distillery crafts AP Gin, a Slovenian gin that blends tradition and modernity. Produced using the London Dry method, this gin contains only natural ingredients and no additives. Its uniqueness lies in the seven botanicals, known as the "7 Wonders": juniper berries, coriander seeds, lemon and orange peel, cardamom, raspberries and angelica root, which create a delicate and aromatic flavour. AP Gin was awarded a silver medal at the IWSC, confirming its exceptional quality.

The distillery offers guided tours with tastings, sensory workshops and social games. It is an ideal destination for individuals, groups and companies looking for a unique experience. Products can be ordered at [www.ginarnica.com](http://www.ginarnica.com) and tours can be booked by email or telephone.

A visit to the distillery is a perfect opportunity for gin lovers, tourists and corporate groups as it combines local tradition, passion and premium quality. Whatever your level of experience with gin, this visit will leave you inspired!

## Drava Cycling Route

An experience around every bend

 [www.dravabike.si](http://www.dravabike.si)

Renowned for its natural beauty and cultural diversity, the Drava Cycling Route is considered among the most scenic in Europe.

The 145-km Slovenian section of the route mostly follows quiet local roads and well-maintained cycle paths. However, the section between Podvelka and Lovrenc na Pohorju presents more of a challenge, with varying road surfaces and some steep ascents. Trekking or electric bikes are recommended for this part of the route.

One of the most exciting adventures along the way is traditional rafting on the Drava River, an experience not to be missed.

The Austrian section of the Drava Cycling Route has received a 5-star rating from the ADFC for its excellent organisation, safety, and accessibility. The 510-km route begins at the source of the Drava River near Toblach in Italy, winds through Austria and Slovenia, and finally reaches its end at the confluence of the Mura and Drava rivers near Legrad in Croatia.

## Štekna

One of the best-maintained cycling routes in Slovenia

 [www.strekna.si](http://www.strekna.si)

Štekna, one of Slovenia's most beautifully maintained cycling routes, follows the abandoned railway track that once connected Velenje to Dravograd. As you ride, you will discover wonderful views: the lush green Pohorje hills on one side and Slovenia's highest church on the other. A new section through the Huda Luknja gorge adds even more excitement.

This 35-kilometre, traffic-free, fully paved route is perfect for family bike rides or a relaxing ride for two. Six tunnels and numerous bridges and viaducts ensure a gentle ride, enhancing the enjoyment and scenic beauty.

Štekna is recognised as having some of the best cycling infrastructure in Slovenia. A free summer bus service operates along the route, offering transport in either direction and making it even more accessible.

The Koroška Regional Museum takes you on a journey through a thousand years of Koroška history. Valuable museum artefacts tell fascinating stories about the lives of our ancestors. Discover how they lived and created and immerse yourself in the rich cultural heritage of Koroška.

Hugo Wolf's birthplace, Slovenj Gradec

In Hugo Wolf's birthplace in Slovenj Gradec you can explore the life and work of the famous composer Hugo Wolf (1860-1903). His birthplace museum showcases his musical legacy as one of the greatest masters of soliloquy. The house also serves as a venue for musical events, keeping Wolf's legacy alive and bridging the gap between classical and contemporary music. Just a few steps away, you can visit the unique African and the Soklič Collection, both of which inspire imagination. On the outskirts of town, you'll find the picturesque Church of St. George on Legen, built on the remains of an early medieval church from the 9th century. Interesting archaeological finds are displayed under a glass floor.

Prežih's homestead, Preški vrh 13

We invite you to visit Prežih's homestead, where you can discover the legacy of the writer Lovro Kuhar - Prežihov Voranc (1893-1950). This traditional Koroška farmhouse, with its authentic black kitchen, offers a glimpse of simple rural life. Nearby, you'll find a wooden granary and a traditional herb and vegetable garden, while a monument to the writer,

created by sculptor Stojan Batič, stands proudly on a scenic lookout point.

Old Ironworks in Ravne na Koroškem preserves a 400-year-old tradition of steelmaking and tells the story of the economic development of the Mežica Valley. In these historic industrial buildings, visitors can explore the history of steel production, admire massive industrial machinery and experience the craftsmanship of blacksmiths in an interactive forge demonstration.

Black kitchen, Libeliče 34

Historic village of Libeliče: the charming village is renowned for its rich cultural heritage. In the parish house, you can explore an authentic black kitchen, where pottery, wooden utensils, and an open fireplace reveals the culinary traditions of the region. Step into a historic classroom from the early 20th century and relive the school days of the past. In 1922, Libeliče made history with a victorious plebiscite in which determined locals succeeded in joining Yugoslavia. This inspiring story of national identity, resistance and triumph is presented in the permanent exhibition "Libeliče 1922." The parish barn offers a glimpse of traditional rural life, illustrating seasonal agricultural activities and the daily work of farmers. Memorial collection in Dravograd - the municipal building houses a memorial collection dedicated to the Nazi occupation during the Second World War. Visitors can explore former prison cells, prisoners' personal belongings and survivors' testimonies, which provide a moving insight into the suffering and resilience of those affected.

Radlje Manor - discover the extraordinary story of the Pahernik family, whose economic and cultural contributions significantly shaped the development of the Drava Valley and Pohorje. The manor houses fascinating personal stories and historical artefacts, interwoven with tales of forestry and sustainable forestmanagement, for which the Pahernik family was widely recognised.
